## INTRODUCTION

The word Quality is used every now and then, in the office, at homes, during services like sales, purchase, marketing, Logistics or even during learning, teaching etc. OR in all walks of life, formal, informal, within the four walls, out on the streets, we utter this word "QUALITY" In short "Quality" is all pervading.

We expect quality product, services everywhere. So as, we have to deliver Quality product or services also.

To perform our duties, we must understand the level of quality expectations from our customers and for fulfilling the requirements, we must understand what is quality, how it is described, how it is maintained, how it is measured, how it is to be improved.

By the time, all of us must have understood the first level, i.e. QC Tools used in the industry.

**Now, we are going to study Advance Quality Tools OR Management Quality Tools, such as, Affinity Diagram, Tree Diagram, Arrow Diagram, Process Decision Programme Chart, Matrix Diagram, Relations Diagram, and Matrix Data Analysis.**

**Also, we are going to get knowledge of Advanced Statistical Tools like,**
